

Standard Engineering Ltd.

Modular Design I

Our machinery is specifically designed to work within self-contained modular units. The finishers we build fit perfectly with our presses and our bandscourers to produce perfectly aligned working areas.

The Mini Unit

Compact, ergonomic design. Ideal for a highly specified unit in a limited area.

Perfect for a one man operation.

The machinery is quick and easy to operate.

The overall length of this unit is only 1525mm

750 Finisher & 625mm Pressbench
