

# Standard Engineering at the Cutting Edge Exhibition

All these people have enjoyed examining and testing the new shoe repair machinery exclusively manufactured and supplied in the UK by Standard Engineering Ltd.

On Sunday 13th September don't miss your chance to join them at the Cutting Edge Exhibition at Sandown Park.

Why take the chance of dealing with Agents and resellers when you can buy direct from the manufacturer, cutting out the middle-men and saving money?

Standard Engineering - supporting British business since 1894.
