Geneva Thread Offer

Item No.	Description	Quantity	Price (each)
MP1497/A	Black Geneva Thread	1	£23.00
MP1498/A	White Geneva Thread	1	£18.00
MP1499/A	Brown Geneva Thread	1	£23.00

At Standard we recommend and supply only genuine "Geneva" thread for our stitching machinery. Standard "Geneva" thread is available in white, black and brown.

A lot of poor quality thread has flooded the industry in recent years purporting to be "Geneva" thread. Only after threading your machine and trying to use this thread does it's poor quality become apparent. By this stage it's too late for your repair, and you still have an entire cop of shoddy thread to use!

Since we re-launched our "Geneva" thread in handy-sized 250g cops this thread has become the industry standard and is widely used in both manufacturing and repairing.

Our "Geneva" thread experiences less breakages and stretching, is smoother running, cleaner to use, and cheaper than some of the inferior thread available presently. This is why we like to call it our "problem solving" thread.

What a lot of repairers perhaps don't consider is the sizeable discounts available for orders of 10 cops or more. Worth thinking about if you are buying a couple of cops at a time and use a dozen or more over a year. Add to this the large saving on delivery costs by having one consignment rather than several, and you can see the great benefits of planning ahead and placing slightly larger orders.

Item No.	Description	Quantity	Price (each)
MP1497/A	Black Geneva Thread	10+	£19.55!
MP1498/A	White Geneva Thread	10+	£15.30!
MP1499/A	Brown Geneva Thread	10+	£19.55!

Scouring Bands Offer

Item No.	Description	Quantity	Discounted Price
700 Finisher / 750 Finisher / No.18 Bandscourer			
WA14758	1500mm x 75mm x 24G	10+	£5.27
WA14749	1500mm x 40mm x 80G	10+	£2.21
Power Unit / Power Master / Lynx / Hardo			
WA14760	1650mm x 75mm x 24G	10+	£5.76
WA14750	1650mm x 40mm x 24G	10+	£2.99
WA14753	1650mm x 40mm x 80G	10+	£2.28

The above represents a small sample of our quality scouring band stocks.

Along with our Geneva thread it pays to order in bulk. Let's be honest, you are going to use the bands so it makes economic sense to order in units of 10. Plus you will get the large saving on delivery costs by having one consignment rather than several.

Having stock in your shop may also encourage the odd repairer (you know who you are!!!) to change their scouring bands before they become worn and necessitate leaning heavily onto the scouring unit. This can also save the scouring unit from undue wear and improve dust control in your shop.

Breaster Cones and Naumkeag Caps also available!

The "Small Print"

Usual terms and conditions apply. Any prices quoted are subject to delivery charges and VAT @ 15%. All prices quoted are subject to alteration without prior notice.
