

Standard Engineering Ltd.

Spring Madness 1 - Finishers!

What would you say to a guaranteed limited-time
£2500.00 trade-in for your existing 700 finisher
against a new Model 710 or 720?

Answer 1: "Have
Standard gone mad?"

**New
Model
720**

Answer 2: "£2500.00
trade-in for my
old 700?
It's surely a misprint?"

The Small Print

Obviously with such an incredible offer there are going to be a few caveats.
We're mad, but not THAT mad!

The figure of £2500.00 will be inclusive of VAT.

We are only offering this enormous trade-in for bona fide Model 700 Finishers
(except any models with a single shaft, such as the much regretted "700C").

The trade-in 700 must be in a complete, working condition. That means you can't nick all the
cutter holders, and we don't want the machine that has sat in your garden for 2 year!

If you are happy with these few terms, what are you waiting for?
